

Rubber Bull Nose Subs

SUB-DRILL RUBBER BULL NOSE SUBS ARE MANUFACTURED TO THE HIGHEST POSSIBLE STANDARD AT OUR FACILITY IN WESTHILL, ABERDEENSHIRE.

FEATURES

- > Replaceable Nozzles
- > Customizable
- > Composite Bull Nose material
- > Unique design
- > Precision machines
- > Available with angled ports for increased coverage

These are available in custom or standard configurations to suit your specific requirements including angled ports to ensure effective full coverage jetting.

As standard we install removable jetting nozzles so that they can be replaced once worn extending the life of the jetting tool.

Due to the unique design of our Jetting Nozzles the tool gives increased jetting and coverage performance in comparison with other Rubber Bull Nose Jet Subs on the market.

The tool can be customised to suit the jetting operation being carried out.

ALL TYPES OF CONNECTIONS AND SIZES AVAILABLE, PLEASE CONTACT US FOR ADDITIONAL INFORMATION.
